

## Renewal Voter Registration Certificates Delayed

The mailing of renewal voter registration certificates is delayed throughout the State of Texas due to ongoing litigation regarding state redistricting plans.

**It is not necessary to re-apply for a Voter ID unless you have moved or have had a name change.**

Previous voter registration certificates, printed on blue paper, expired on December 31, 2011. Renewal certificates, printed on yellow paper, will be mailed to all registered voters once the state redistricting plans are finalized by the Federal Courts. Voters can expect to receive their new certificate before the 2012 Primary Elections. The new yellow certificates will be valid through December 31, 2013.

Please contact the Navarro County Elections Department at [903-875-3330](tel:903-875-3330) should you have any questions regarding your voter registration certificate.
