WARNING: Please read and acknowledge.

The flood hazard boundary maps and other flood data used by the County Administrator in evaluating flood hazards to proposed developments are considered reasonable and accurate for regulatory purposes and are based on the best available scientific and engineering data. On rare occasions greater floods can and will occur and flood heights may be increased by man-made or natural causes. This exemption certificate does not imply that development outside the identified areas of special flood hazards will be free from flooding or flood damage. Insurance of this exemption certificate shall not create liability on the part of Navarro County, the County Administrator or any officer or employee of Navarro County in the event flooding or flood damage does occur.
